QUALITY GARDEN BUILDINGS

A Selection of High Quality Garden Rooms

A truly superb range of Western Red Cedar garden rooms built to the highest of standards, beautiful buildings to enhance and compliment your garden.

These sumptuous summerhouses have been made using only the best raw materials available, which will go on to give many years of enjoyment.

We are proud to display this wonderful range of cedar garden rooms at our Cambridge Show Centre, where you can see the genuine quality of the materials and workmanship. If you are unable to visit please phone us and our expert advisers will be happy to answer any queries. You can phone us free 7 days a week on 0800 9777 828 or visit our website at www.summergardenbuildings.co.uk

Summerhouse 511

Especially designed for the quiet, peaceful, sunny corner in your garden, this pretty summerhouse is available in five sizes (please see website for prices).

The external walls, roof, windows and doors are all made from premium clear grade western red cedar. The warm and stable cedar contains its own oils and preservatives making it a naturally durable and rot resistant species of timber, perfect for a garden room.

The Summerhouse 511 has four opening windows and a set of locking double doors. Windows and doors can be either a Georgian or a leaded style. All window and door furniture is high quality solid brass.

The roof is tiled with western red cedar roof shingles, and comes with a redwood pine tongue and grooved floor as standard.

The exterior is finished with three coats of a breathable protective paint system, in a choice of attractive colours. Internally Summerhouse 511 is lined with patterned medium density fibreboard which receives two coats of your chosen decorative colour finish.

Optional upgrades available include:

- Double glazing
- Insulated walls, floor and roof
- Hardwood tongue and grooved floor boards
- Tiled laminate floor

7'8" x 7'8" Summerhouse 511 with square leaded windows and doors, shown with optional tiled laminate floor

7'8" x 7'8" Summerhouse 511 with Georgian windows and doors, shown with optional tiled laminate floor

7'8" x 7'8" Summerhouse 511 with square leaded windows and doors

9' x 9' Summerhouse 511 with diamond leaded windows and doors, shown with optional tiled laminate floor

Summerhouse 510

The elegant and traditional Summerhouse 510 is available in four sizes (please see website for prices). The external walls, roof, windows and doors are all made from premium clear grade Western Red Cedar. The warm and stable cedar contains it's own oils and preservatives making it a naturally durable and rot resistant species of timber, perfect for a garden room.

10' x 10' Summerhouse 510 with Georgian windows and doors, shown with optional hardwood floor

Windows and doors can be either a Georgian or a leaded style. All window and door furniture is high quality solid brass. The roof is tiled with western red cedar roof shingles, and comes with a redwood pine tongue and grooved floor as standard.

The exterior is finished with three coats of a breathable protective paint system, in a choice of attractive colours. Internally Summerhouse 510 is lined with patterned medium density fibreboard with two coats of your chosen decorative colour finish.

Summerhouse 512

The extensive range of sizes, twelve in all (please see website for prices), make this a very popular building which can be used for many different activities. The external walls, roof, windows and doors are all made from premium clear grade western red cedar.

The warm and stable cedar contains it's own oils and preservatives making it a naturally durable and rot resistant species of timber, perfect for a garden room.

14' x 8' Summerhouse 512 with Georgian windows and doors

The Summerhouse 512 has double locking doors to the front with a fixed window either side of the double doors (10' and wider leaded models have two fixed windows either side of the doors). There are two opening windows in each side (extra windows can be added if required). Windows and doors can be either a Georgian or a leaded style. All window and door furniture is high quality solid brass. The roof is tiled with western red cedar roof shingles, and comes with a redwood pine tongue and grooved floor as standard.

The exterior is finished with three coats of a breathable protective paint system, in a choice of attractive colours. Internally Summerhouse 512 is lined with patterned medium density fibreboard which receives two coats of your chosen decorative colour finish.

Optional upgrades available include:

- Double glazing
- Insulated walls, floor and roof
- Hardwood tongue and grooved floor boards
- Tiled laminate floor

12' x 8' Summerhouse 512 with Georgian windows and doors, shown with optional tiled laminate floor

8' x 8' Summerhouse 512 with Georgian windows and doors, shown with optional tiled laminate floor

Summerhouse 513

10' x 8' Summerhouse 513 with square leaded windows and doors, shown with optional tiled laminate floor

This attractive pent roof styled garden room is ideal to fit into spaces where the external roof height is a consideration. The Summerhouse 513 is available in 5 sizes (please see website for prices).

The external walls, roof, windows and doors are all made from premium clear grade western red cedar. The warm and stable cedar contains its own oils and preservatives making it a naturally durable and rot resistant species of timber, perfect for a garden room.

The Summerhouse 513 has double locking doors to the front with a fixed window either side of the double doors (10' and wider leaded models have two fixed windows either side of the doors). There are two opening windows in each side (extra windows can be added if required). Windows and doors can be either a Georgian or a leaded style. All window and door furniture is high quality solid brass. The roof is tiled with bitumen roof tiles, and comes with a redwood pine tongue and grooved floor as standard.

The exterior is finished with three coats of a breathable protective paint system, in a choice of attractive colours. Internally Summerhouse 513 is lined with patterned medium density fibreboard which receives two coats of your chosen decorative colour finish.

Optional upgrades available include:

Double glazing • Insulated walls, floor and roof • Hardwood tongue and grooved floor boards • Tiled laminate floor
